ASSESSMENT POLICIES

1. ASSESSMENT OPPORTUNITIES

Students are expected to complete assessment activities **on or before the date they are due**. NZQA Rules and Procedures do not require that the school accept late work. For assessment tasks in Tourism, students will be given **one** opportunity to be assessed against an Achievement Standard.

Students who fail to achieve an internally assessed standard may be given an opportunity to resubmit their work. A resubmission opportunity may only be offered where a teacher judges that a mistake has been made by the student, **which the student should be capable of discovering and correcting him/herself**.

2. COMPASSIONATE CONSIDERATION

Compassionate consideration will only apply to external assessments and will depend on evidence available from other work related to the same learning outcomes.

3. WORK DEADLINES AND LATENESS

All work must be handed in **before the end of the school day** on the date set. **Work must be personally delivered** to the teacher concerned. Work is *not* to be placed in teacher's pigeonhole or left on the teacher's desk. All internal assessments must be completed by the due day, unless **prior approval** has been obtained from the Tourism teacher. Assessment tasks handed in late, without prior approval, will not be accepted for marking. Students who fail to submit work for assessment will be recorded as "not submitted" and can expect to receive a "Not Achieved" for that standard. Students entered in a Social Science course are entered in all standards being assessed as part of that course, unless they negotiate **at the beginning of the year** to be removed from particular standards. Students will need written parental permission to be removed from any standard.

4. APPEALS

Appeals against grades awarded should be made following the procedure outlined in the school policy on appeals.

5. STORAGE OF STUDENT WORK

Student assessment material will be retained by the department until such time as it is no longer required for moderation purposes.

6. AUTHENTICITY

Except where specified for some group tasks, all work is to be your own work. Some tasks may require a signed statement of authentication from students.

7. MARKING & MODERATION

Students' work will be marked by their subject teacher using Service IQ assessment schedules. Moderation will take place to ensure consistency across classes. Upon the work being returned, students will be asked to check their marking to allow for any queries to be addressed.
